Payment Processing Update

We have changed the company we use to transmit payments to the credit card companies who receive CCCS payments electronically. The new process should reduce the number of days it takes for the payments to post. As always, please monitor the statements from your creditors and compare them to your monthly statement from us to make sure that your payments are credited properly.

If you have authorized us to automatically withdraw your monthly debt repayment amount from your bank account, be advised that we are also in the process of changing to a different company to process those automatic withdrawals. The transition to the new company will take place by April 1. At this point, we do not think you will see any change in the way the transaction appears on your bank statement. Again, please monitor your bank statement and contact us if you have any questions or concerns regarding these transactions. You will still need to contact us at least 3 business days before your scheduled withdrawal date if we need to make any changes.

Follow Us.....We're on Pinterest now!
